## Family Life Education

### Waverly Yowell Elementary School

**Principal: Mr. Joe Kubricki**

As part of the general education curriculum Madison County Public Schools will be providing Family Life Education instruction to all students. This instruction aims to promote the physical and emotional wellness of students.

Goals for the FLE include maintaining clear communication between school staff and parents. You can support FLE by discussing related information with your child. FLE objectives for each grade level are outlined below.

**Family Life Education Topics covered in Third Grade include:**

- Demonstrate a sense of belonging
- Development of a positive self image
- Awareness of family changes
- Awareness of healthy coping strategies
- Identification of body parts associated with reproduction
- Recognition of growth patterns
- Awareness that it takes a man and a woman to produce a baby

Comprehend that a mother carries a baby for 9 months

Awareness that actions effect friendships

Practice safety rules at home

Learn good touch versus bad touch

Determine good and bad media influences

**Family Life Education Topics covered in Fourth Grade include:**

- Identification of reproductive organs
- Identification of changes during puberty
- Awareness of human fertilization and reproduction
- Identify and deal with emotions
- Development of positive reactions
- Identify family responsibilities
- Understand child abuse and child neglect
- Recognize substance abuse

**Family Life Education Topics covered in Fifth Grade include:**

- Understand hormones
- Understand human reproductive organs
- Understand that it takes a man a woman to produce a child
- Identify physical changes that occur during puberty
- Understand the importance of good nutrition
- Identify psychological, social and emotional consequences of relationships
- Identify the effects of personal hygiene on self image
- Identify family responsibilities
- Discuss the media and family life
- Understand good decision making
- Identify the effects of substance abuse
