Tiered Interventions

Tier	Description
Three	- Follow all Tier 2 procedures. - Teachers record weekly data to support possible removal of TDT support. - Informed parent and participating support staff recording weekly data for fidelity.
Two	- Administration, intervention specialist and support staff. - Bi-weekly discussion of individual students first part of grade level team meetings. - Create interventions as a team and document in PowerSchool. - Teacher routinely collect data. - Students are removed or continue on Tier II in real time. - Teacher/Support Staff meet/Parent communication.
One	- Grade level teams or departments. - Weekly meetings to create "watch lists" for academics, behavior, and attendance. - Create interventions as a team and document in PowerSchool Analytics. - Teachers routinely collect data to present at next team meeting. - Students are removed or continue on watch list in real time.

Notes:

TIER III Criteria

Will occur after a minimal of three weeks of documented interventions with ongoing data points

Data-Driven Referral to Tier II

Will occur after three weeks of documented intervention

- 2-3 Interventions
- 10-15 data points
